How The Pick Up/Panty Dropper Sequence Works

The information you are about to read is a combination of the two most effective methods I have ever used.

It is no exaggeration when I say that using this method WILL allow you to have contact with EVERY hot woman in the building – you will be the man that all of the women are telling each other that they just HAVE to go and say hi to. That is stage one. Stage two you get to choose which one of these women you want to take home with you.

The sequence is simple, straightforward and basically you can say it just how it is written in the scripts that I have used – but the more you personalize it, the better and more comfortable it will be for you and natural sounding (and effective).

So... let's get started!

Good luck!
Brad Jackson

Stage One - Pick Up

This is the single best method to enable you walk up to any group of hot girls in a bar/club, open them up in a fun and natural way and cause them to instantly have fun with you.

It has a 100% success rate and if done right you will never get blown out.

This method annihilates the social anxiety in approaching large groups of girls and instantly destroying all snobby attitudes that you might get if you walked up and tried any other method. This one blows ALL other group-opening methods up. And it's 100% original.

You will not find this anywhere else.

It's simple, fun, will not embarrass you and is easy to do. Funny thing is you will have actually opened ALL of the groups of hot girls in the club and met them...not just one group.

I stumbled on this by accident. A friend was supposed to move to Dallas from St Louis. He was debating it. I told him how hot the girls were here and that I'd help him make up his mind.

I took a piece of typing paper and wrote in magic marker: "**Drea, wish you were here.**" (His name is Andrea.)

Then I would walk up to a set and say with a big party grin, "Excuse me, this'll just take a second. It may sound stupid, but humor me?"

(At this point you've pulled the folded paper out of your back pocket but not shown it to them yet...suspense).

In a very fun way I say something like: "My buddy's thinking of moving here from St Louis but he can't make up his mind. I'm trying to make the decision easier on him by showing what he's missing out on not living in Dallas. Since you girls represent Dallas really well...will you just hold this (open the sign) and let's all prove that St Louis has nothing compared to Dallas?"

(FYI, YOU are NOT in the picture and you must use a digital camera). “Get as crazy or boring as you want.

But if he doesn't move here I'm blaming each of you.” (Insert big smile).

The first time I did this it worked so well I did it a month later with another friend's name. You've probably just made their night. It works because its specificity. You're not creepy because you have an actual name attached and story behind it. You're not just taking their pics to wack off to.

Also, you're complimenting them in a fun way, not walking up and saying “Gosh, yall are purty girls.”

Afterwards, thank them, give them high fives and immediately move on to the next ones unless they pull you in. **Don't overstay your welcome**. It's important because the next time back through the bar...you have instant rapport.

Just walk by, high five them like old friends and go into whatever from then. It's truly amazing how well this will play out.

If you stick around too long, they'll think it was a ploy to meet them.

This is one of the reasons it works so well. Often times they'll voluntarily GIVE you their email or phone number just so you'll forward the pic to them. And if you use a real name you can send it to a friend like I did (who loved it!).

But you will also have girls come up to you and ask what you're doing and volunteer for pictures.

If this routine is used every time you go out, it will lose effectiveness and you may get busted. This truly is the atom bomb of introductions. Be wise with it if you use it. Change it up if you need to suit different situations.

The good news is that you can write the sign in 10 seconds and fold up in your back pocket. You should always have a camera with you anyway – or you can use your iphone etc.

Do NOT:

- Print it on computer paper. It looks much better with a magic marker on white paper.
- Put yourself in many of the pictures.
- Stand around too long after you've made the intro. Leaving soon is key. Reopen them later.
- Be shy about it.
- Give them too many compliments. You're doing them a favor and letting them be models for a moment.

Since a picture is worth a thousand words, I've attached proof. I had a ton of pictures and created a fun little collage to make it easy to view. Enjoy and give it a try. You will be having more fun than ANYONE there!

Stage Two - Panty Drop

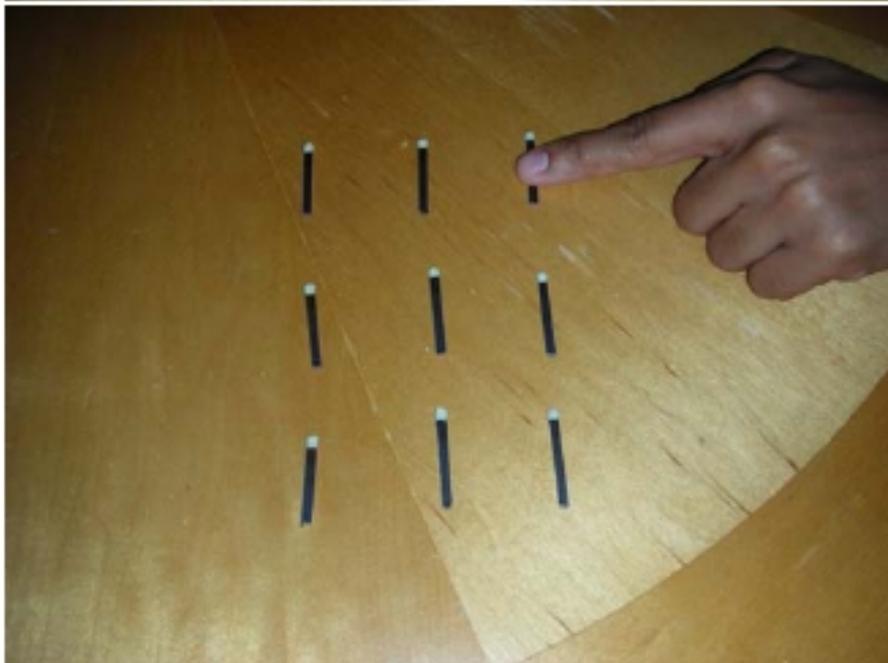

I have called this, the Synergistic Energy Xchange because that is exactly what it gets you.

This mentalist effect is one of the single most impressive tricks I know, can be performed more than once and ALWAYS blows them away. This is a closing technique to end all techniques and you want to leave the girl with this one for so many reasons.

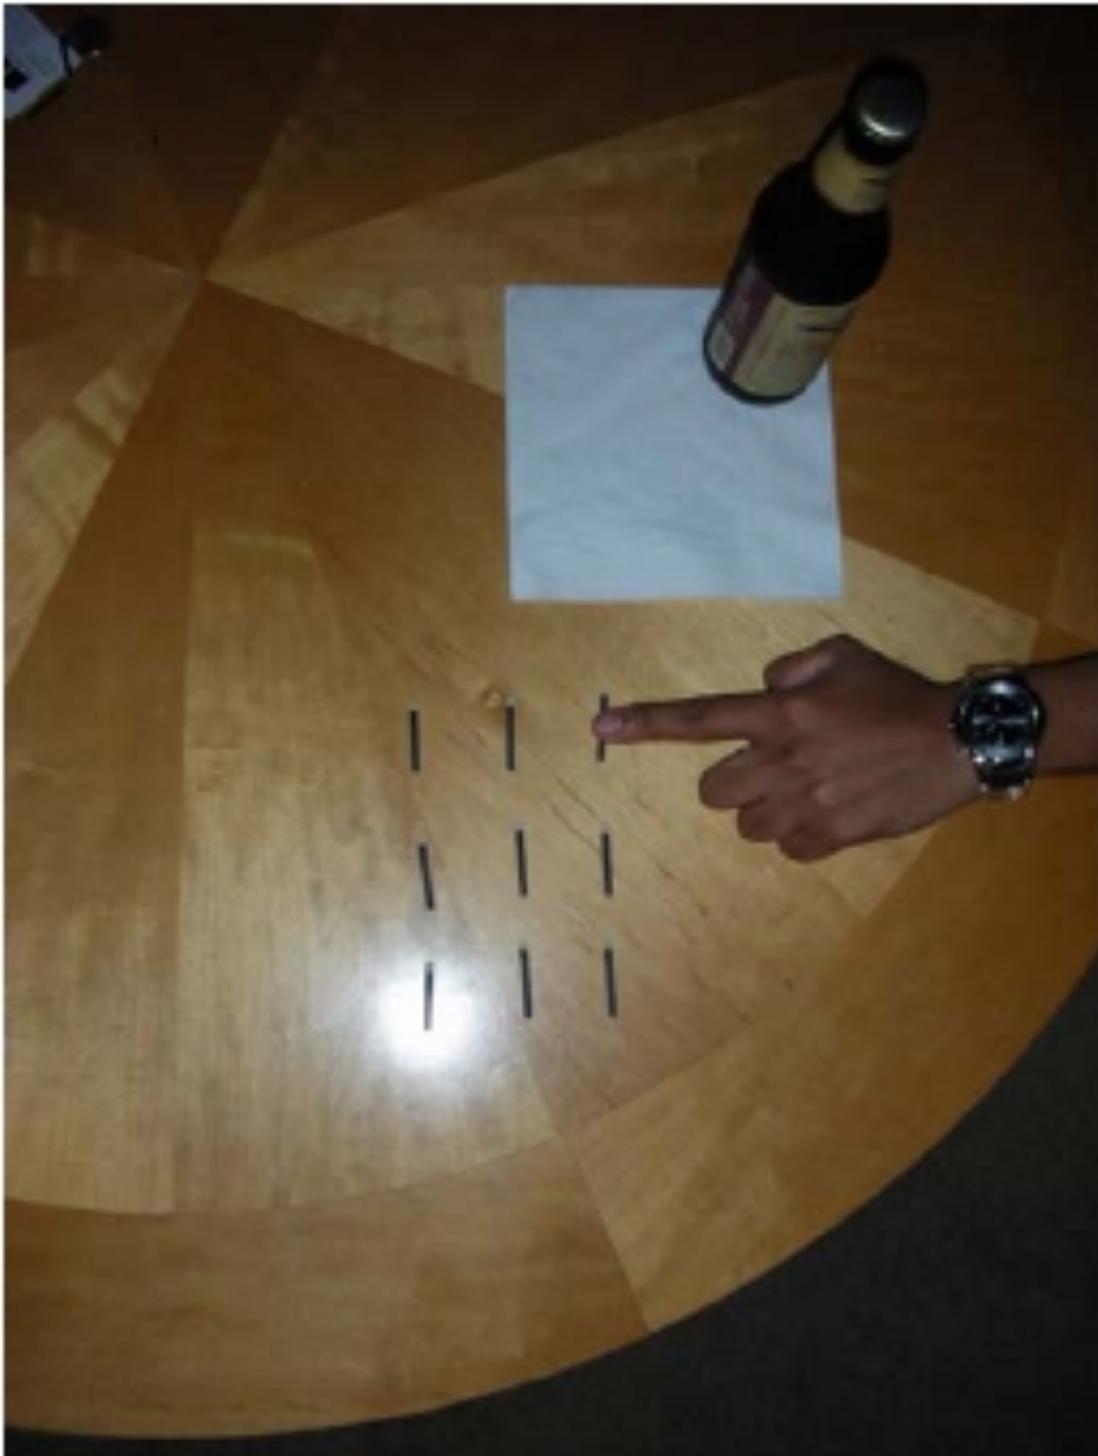

Throughout the night, you will have had a chance to meet ALL of the groups of women in the bar/club – and the fact that you are being fun and not sleazy... hanging on etc, you will automatically generate curiosity as the night goes on.

Choose your girl and use this method to convince her that it's 'destiny' that she should go home with you tonight.

Effect: The girl thinks of a happy memory, you turn your back, she touches a match (or coin, piece of paper, anything in this pattern) in order to see if she can transfer her positive energy into an inanimate object enough so that you can sense which one she picked. When finished, she tells you to come back or turn around and you miraculously divine exactly which one she picked simply by apparently "sensing the energy."

The Method: Use a wingman who knows the trick to clue you in on which match she chose (I'll explain on the next page... it's easy)

Your wingman needs a drink and coaster/napkin.

After he sees which match she touched, he places his drink on the portion of his coaster that corresponds with the match she chose. Notice in the picture above she chooses the match in the upper right quadrant.

Your dependable wingman puts beer in a position on this coaster that matches the grid. If she chooses the middle match, the drink goes in the middle.

Once wingman sees the match touched, he can set his beer down and leave the table. She'll see there's no way he communicated with you. Further, you make sure not to make eye contact with anyone during this exercise.

PUMA Tips:

This trick will give you a real opportunity to connect with the girl you're performing. Do this trick slowly and methodically until you get very comfortable with it and can build a real sense of intrigue around it. You'll be amazed at the reactions you'll get.

This mentalist effect is very powerful when performed the right way and can really cause a girl to think you have a connection with her.

Understand that most girls are fascinated by the idea of psychic energy and the power of emotions and feelings.

Yes, we're going to prey on that. And by following this routine, you'll ensure not only that she experiences a "moment" with you but also that she'll actually "touch" the match and not just think of it.

My Tried and tested Script:

Obviously you want to make this your own. You need to deliver it with seriousness, but not over the top. Almost with a degree of curiosity and amazement that it actually works yourself. I use the following...almost verbatim.

Do you believe that the energy of a person's thoughts can be felt by another person...or that it's possible to transfer the energy of an emotion into an object and have it remain there to be sensed by someone who you have a connection with? (*confused look should set in*).

Let me show you something. This doesn't always work, but when it does it's amazing. "Girl's Name," do you have a good imagination? What about a good memory? I'm going to ask you

to remember a really exciting moment in your life...we could do this with a bad memory too, but we're having fun and I don't want to spoil that...any powerful memory can work though...so let's stick with a happy one, OK? (*Wait for a 'Yes'*).

Think of a really exciting moment in your life. If you can, remember in detail the best sex you ever had and it'll work better, but I don't want to presume that you're not a virgin (*wink/smile*).

So any happy or exciting experience is perfect. Let me know when you have it. (*She confirms*). Ok, now this is the most important part, if you don't follow my instructions it won't work...so this is all on you OK? I need you to put yourself fully in that moment. See what you saw, hear what you heard, feel what you felt.

It only has to be for a few seconds...but it's important you relive it Ok? Once you're there, at the peak moment, touch a match. Any match you'd like. We're going to try to charge it with that emotion. If you do this correctly, you'll be stunned at how well it works. Are you ready?

I'm going to turn around or leave the table...I want you to be confident I can't see which match you choose.

Leave table or turn away. When they call you back come back very deliberately focused on nothing but the matches. Don't look anyone in the eye and don't waste time. But DO steal a glimpse of your partner's coaster clue. Very seriously, but with caution not to be too over the top, hover your fingers over the matches...as if you're really feeling for energy.

Take your time.

Pick up a random match and put it down. As you glance over the correct match let your hand quiver just a tiny bit. Come back to it, pick it up, look at her a little unsure and say:

"This feels like your memory."

Tip: If your partner or you screw up on the clue...simply redo it and tell her that she didn't fully relive it. "Now get serious and really put yourself in the moment."

Tip 2: Afterwards, always ask if she thought about a sexual experience.

Bonus: When she asks you how you did that...say “anyone can do it. Watch, I’ll pick one, in front of everyone else...let’s see if you can feel my energy.” (I hope you see where I’m going with all this patter). Pick a match, have her try to find yours. If she doesn’t find it say that’s ok, “it takes practice, sweetie.” If she does get it and everyone backs her up at the table...she’ll be TRULY amazed.

Then you take her home and get her naked.
